## A Brief Synopsis:

Once upon a time, long ago, there lived a princess who was locked up in the highest tower. On her 18th Birthday, she escaped thanks to a charming prince who climbed up the tower to save her.

Well, that was the story of Rapunzel. Now let's fast forward to about 100 years later. There's another girl locked up in a tower. Rapunzella is a typical teenager. Now it's not like it used to be in the olden days! To Rapunzella's great delight, the ancient tower has been modernized for a twenty-first-century teenager. Netflix, Tik Tok, Facebook and You Tube are all amazing to help pass the time, but her best friend Pippa is even better.

Join these two characters whilst they go on an adventure into finding more about themselves and their happily ever after.
